

Chartered Building Surveyor – Leeds

Silverstone are a specialist firm of chartered building surveyors and project managers with offices in Leeds and Newcastle upon Tyne. They are firmly established as a reputable, diligent and capable independent consultancy in the North of England with a highly experienced team to act as trusted advisers to a wide client base covering all industry sectors.

You will join a team who are dynamic and fun and most importantly supportive, diligent and hard working. We have drive and ambition and balance this with conservative growth and planned career progression. You will enjoy a variety of work in the commercial property sector to include building surveys, contract administration, dilapidations, condition surveys as well as party wall work and reinstatement cost assessments. The majority of our work is typically in the north region though travel across the UK provides further variety.

We seek a building surveyor who is MRICS qualified with between two to five years PQE to join our Leeds team. You will be university educated with a recognised 2:1 degree or above. You should have experience in delivering works in the industrial, commercial, office and retail sectors and an understanding of the high standard of delivery for clients. You should be professional, confident, inquisitive and hard working. The position would suit candidates with Development Monitoring and Dilapidations experience. This is a full time post and a full clean driving license is required.

If you consider that you are the right person we offer some excellent benefits such as;

- A highly competitive salary.
- Excellent holiday allowance increasing with service.
- Excellent employer contributory pension scheme.
- Car allowance scheme.
- Bonus scheme.
- Annual professional subscriptions paid.
- Enhanced maternity and paternity leave.
- A great team to work alongside.

If you are interested in this role please forward an up to date copy of your CV with a cover letter to louise.stewart@silverstonebc.com before 7th February 2020.
